

Dept Anaesthesia Medicine Update - WARMUP

# Waitemata Anaesthesia Refresher Medicine Update

Saturday November 14<sup>th</sup>, 2026

0800-18.00

Keeping up to date in advances in Anaesthesia, Pain and Perioperative Medicine, Intensive Care and Perioperative Medicine can be a challenge! Try being on top of current trends in Cardiology, Renal and Infectious Diseases and it's almost impossible.

<b>1</b> DAY	<b>4</b> SESSIONS	<b>4</b> Talks/session	<b>20+10</b> Mins Talk + Discussion
-----------------	----------------------	---------------------------	--

WARMUP-26 brings a highly focussed series of talks which collate, consider and condense advances in a wide variety of topics. The aim is to review major updates in the major medical specialties, with a wider focus than purely perioperative medicine.

**Cardiology, Neurology, Gerontology, Infectious Diseases, Gastroenterology, Transplant Medicine, Resuscitation, Aviation Medicine, Respiratory, Haematology, Nutrition, Endocrinology, Womens Health....and more!!!**
